# ◑pen exhibits

Developers

Developers can leverage the Open Exhibits SDK to create powerful, completely original exhibits utilizing ActionScript 3 and the development environment of their choice:

- ▸ Flash Professional
- ▸ Flash Builder
- ▸ FlashDevelop

Develop

Program in one of the following:

Flash Professional
Flash Builder
FlashDevelop

AS
{ }
ActionScript 3

◑
Open Exhibits
SDK

Library Folder

ASSETS
Images
Video
Audio

GML
CML
CSS
</>

test your application with the
built-in simulator

Compile your application into a native executable.
